

POLES AND LITHUANIANS WILL NEGOTIATE PEACE

Fighting Between Two Countries Is
Virtually Over, According to
Official Advises.

PARLEY TO BE AT MARIAMPOL

Poland Complains to League of Nations
That Troops of Lithuania
Are Invading Disputed Region.
May Complicate Matters.

PARIS, Sept. 6.—The hostilities between Poland and Lithuania are virtually over, according to official circles here today. Peace negotiations will be begun immediately at Mariampol, southwest of Bialystok, it was added.

The suggestion that the negotiations be held in Mariampol came from the Lithuanians, Foreign Office advisers stated.

Make Protest to League.
Protest to the league of nations against attacks by Lithuanian troops upon the Poles north of Suwalki has been made by the Polish government. It is pointed out that a state of war does not exist between the two countries.

Russian Bolsheviks are supporting the Lithuanians in advancing into the disputed region in Northeastern Poland, says an official announcement issued at Warsaw today.

"Bearing down from the north," the statement says, "Lithuanian troops, supported by Bolsheviks, continue to attack Polish detachments, and are moving in the direction of Suwalki and Augustowa."

In political circles the action of the Lithuanians is taken to indicate probably serious complications in peace negotiations, as it is virtually impossible for Poland to reach an agreement with the Russian Soviet government regarding the northeastern boundaries of this country without having an understanding with Lithuania.

Favors Friendly Relations.
Reference to Bolshevik support of Lithuania is the first official announcement to this effect, although newspapers here published reports on September 2, when the Lithuanians launched their attack against the Polish cavalry, that the Soviet forces were co-operating with them. In Lithuania generally favors friendly relations with Poland.

Some days ago Lithuania informed Poland she desired to remain a neutral and asked that Polish troops would not cross the frontier, which was guarded by the Lithuanian army. A regards the Suwalki district, Lithuania proposed a temporary frontier extending through Grabowo, Brestow and Siatyn. The Poles extended they have not crossed this line and maintain that large numbers of Bolsheviks, who took refuge in Poland, have been allowed to enter Lithuania by the way of Lithuania. During recent negotiations at Brest-Litovsk, the Lithuanians demanded that Poland forbid the use of the Brest-Litovsk railroad to the retreat of Bolsheviks and the Lithuanians assert they are interfering all Soviet troops who have crossed into Lithuania from Prussia. The Lithuanian army consist of about 30,000 men.

Poles Fighting on Bug River.
LONDON, Sept. 6.—Poles fighting is in progress around Hrubieszow, fifty miles southeast of Lublin, according to the Russian Soviet official statement of Sunday received by wireless today. The statement says: "In the Brest-Litovsk region fighting continues with alternating success. Along the western Bug three fighting continues north and west of Hrubieszow and south of Sokal. We are advancing on Hrubieszow."

**FORCES OF WRANGEL
MAKE ANOTHER LANDING**

Fourteenth Bolshevik Army Driven
Across Dnieper as Result of
Successful Counterattacks.

[By Associated Press.]

CONSTANTINOPLE, Sept. 6.—General Baron Wrangel's forces have made another landing at Souergum (probably Sukhum-Kale) a port on the east end of the Black Sea, according to advices received here. The landing was protected by the battleship General Alexiev.

The situation of General Wrangel's forces in the region of Novorossisk is improving, say latest reports. General Wrangel is securing the co-operation of bandits which resisted the British, General Denikine's anti-Bolshevik troops and others a year ago. Cossacks found looting or requisitioning are promptly hanged by order of the commander, and the soldiers are not permitted to occupy towns or cities where they are tempted to live at the expense of the population. These disciplinary measures are creating a good impression and there is much patriotism, which was totally lacking during Denikine's regime.

The fourteenth Bolshevik army has been driven across the Dnieper after suffering severe losses as a result of General Wrangel's successful counterattacks. The Bolshevik forces, commanded by Commissar Eldeman, were decimated and forced to take cover under their big guns across the Dnieper.

The Bolsheviks are making a stronger stand on the Taman peninsula, between the Black Sea and the Sea of Azov, where an expedition landed by General Wrangel was driven out. The Bolsheviks brought up a brigade of west Siberians, a Cossack division and other reinforcements taken from reserve regiments or half regiments of Moscow and centers near the Polish front.

Eldeman's forces consisted of 15,000 infantry and 2,100 cavalry men, together with a rifle division, and 10,000 troops which attacked from the Kakhovka bridgehead.

The Soviet troops endeavoring to corner General Wrangel in the Crimea and the Taurida region are estimated at 50,000 infantry and 12,000 cavalry. General Wrangel has 60,000 men in his fighting units. The Bolsheviks are better equipped but General Wrangel's men are better disciplined. The latter are divided now into two armies, one in the Taurida district under General Kutepov and the other in Kuban under General Ulagin, the cavalry leader, who is operating in several raiding columns.

Say Premier Wears a Coat of Mail

Secret Police Taking
Precautions for Safety
of Lloyd George.

[By Universal Service.]

PARIS, Sept. 6.—The national secret police is taking the most extraordinary precautions to prevent attacks on Premier Lloyd George as he is en route from Lausanne through France to a port from which he will take a boat to England.

Two pilot trains are preceding the special train on which the Premier is riding. Detachments of police guard every important station. A large guard of soldiers and police is stationed at every stop. A special train carrying fifty armed guards follows the special train which the Premier is riding.

The Premier is wearing a suit of mail similar to the one worn by Venizelos, the Greek Premier, and which saved his life when he was shot at the Gare de Lyon, Paris. Owing to the fear that the Premier will be attacked, it is doubtful if his projected meeting with Premier Millerand in Paris will be held.

LOCK POLICE IN OUTHOUSE AND BURN THEIR BARRACKS

Irish, Disguised as Soldiers, Execute
Coup in Town of Belleek, County

[By Associated Press.]

DUBLIN, Sept. 6.—A band of men, disguised as soldiers, descended today upon the town of Belleek, County Fermanagh, in motor cars, gained entrance to the police barracks, locked up the police with revolvers, locked them in outhouse, captured all their arms and burned the barracks. Several of the police were attending church service at the time, and a detachment of the raiders fastened the chapel door, locking in the congregation so as to prevent assistance from that source.

Norfolk Policeman.

HAD BAD STOMACH TROUBLE

Claims Since He Took Plant
Juice He Sleeps Fine and
Never Felt Better.

No new article of the times has created such profound interest, especially in the larger cities, as has the introduction of Plant Juice, the famous herbal stomach remedy. People in all walks of life have been attracted to it; the statesman, professional man, mechanic, financier, brakeman, society woman, waitress; they have all tested it and permitted the use of their names in telling of it. Every day local people are coming forward with unqualified statements of the benefit they have received from Plant Juice. Recently, Mr. Clarence Charlton, a popular member of the Norfolk police force, who resides on Chestnut Street, and has many friends here, stated:

"For the past two years I had very bad stomach trouble, and had indigestion so bad that I could not keep anything in my stomach. I was bloated with gas, could not sleep and certainly was in a pretty bad state. I had tried a lot of different medicines, but none of them did me any good, and I got a bottle of Plant Juice as a last resort. I have only taken one bottle and a wonderful change has come over me; I can eat any kind of food, and it does not distress me afterward; I sleep well and feel better and stronger in every way. I can honestly say that Plant Juice has done me more good than anything I have taken, and I am glad to have this opportunity to recommend it to the public."

Cox's Personal Representative

ONE "DIGGER" GOT \$100,000

Deering, Denying Cox's Charges,
Admits He Pried Chicago Coal
Dealers Loose From \$20,000 for
Republican Campaign Fund.

[By Associated Press.]

CHICAGO, Sept. 6.—Senatorial investigation of presidential campaign expenditures will be resumed here tomorrow with E. H. Moore, personal representative of Governor James M. Cox, called as the chief witness before the Senate subcommittee when it reconvenes after a four-day recess.

Mr. Moore was sent here last Thursday by the Democratic presidential nominee with data which he announced "would prove that Republican leaders had openly boasted they had devised a fund-raising plan which would bring in at least \$100,000 for the campaign fund."

In this plan, Governor Cox declared in campaign speeches, was known as "form 101," and was devised by Harry M. Blair, of the office of Fred W. Upham, Republican national treasurer.

Mr. Moore has announced he is prepared to furnish the committee facts, and not merely supply leads, although he said he would also furnish plenty of the latter in the form of names of men who "could give the most minute details concerning the Republican fund-raising plans."

Mr. Moore said tonight he would prove that in a Western State "one Republican leader raised more than \$100,000 single handed, although the quota for this State, in Upham's testimony, was only about \$25,000."

More than a dozen persons have been subpoenaed by the committee as a result of documents already placed in the hands of the committee by Mr. Moore, among them Mr. Blair.

Republican leaders tonight declined to comment on Governor Cox's statement that Republicans at a conference in a hotel at Chicago assessed coal dealers \$50,000. J. K. Deering, one of the men mentioned, denied that the conference was held, admitting that he had been forced personally to run around among coal dealers and pry loose money for the campaign fund. He obtained \$18,000 to \$20,000 in this way. Deering turned this money over to Upham, but the latter refuses to discuss the matter.

Movie Operators Strike.
TAMPA, Sept. 6.—All machine operators employed by moving-picture houses in this city went on strike today because the managers refused to accede to their demands for an increase of 10 cents per hour. They had demanded \$1.00 an hour, but later trimmed that to 30 cents. The managers secured help from other towns and continued operations.

Skin Sufferers Do Not Want Mere Temporary Relief

Of course, if you are content to have only temporary relief from the terrifying itching and burning of fiery, flaming skin diseases, then you are satisfied to remain a slave to ointments, lotions and other local remedies applied to the surface of the skin. Such form of treatment, however, can make no progress whatever toward ridding you of the discomfort which often becomes a real torture.

But if you desire to free yourself from any form of skin disease first of all you must realize that any disease must be treated at its source. Real genuine relief from eczema, tetter, scaly eruptions or any other form of skin irritations cannot be expected until you free your blood of the germs which cause these disorders. And for this purpose there is no remedy that gives more satisfactory results than S.S.S., the fine old blood remedy that goes down to the source of every blood disorder and routs out the germs which cause the trouble.

S.S.S. is sold by all druggists. Begin taking it today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. Address: Chief Medical Adviser, S.S.S. Swift Laboratory, Atlanta, Ga.—Adv.
